

let's talk

hello!

Design: Francesco Geraci
All rights reserved

Club chairs ideally shaped for both: active meetings and relaxation. Comfortable, yet compact seat shell accompanied by various shapes of the base make the chair suit different types of meeting and waiting rooms. A small size and a low weight of the chair enable easy and quick rearrangement of an interior adjusted to the current needs which makes the chair a perfect solution not only for large but also for very compact spaces. A practical turning mechanism makes Hello! an ideal partner also at meetings where dynamics of talk plays a major role.

coNecT II

Design: herrmann + stumpf•ulm
All rights reserved

CoNecT II is an armchair that makes waiting highly likeable. A wide and comfortable seat and back enable unrestrained comfort. The system of shelves of various shapes connecting the armchairs allows to arrange space in any desired manner depending on available area and its function. The unimposing style easily fits into various types of interiors.

Examples
